

Mentone Grammar

63 Venice Street, Mentone VIC 3194

**MENTONE
GRAMMAR**

**Principal
Mal Cater**

Mr Cater became Principal of Mentone Grammar in 2007, continuing his long association with the school. As an Old Mentonian (1981), he returned to the school after tertiary studies and employment in commerce in 1986.

Established in 1923, Mentone Grammar is an Anglican independent school rich in tradition and contemporary in thinking. We take a leading role in educating girls and boys with our unique co-educational model that is responsive to children's development from ELC to Year 12.

Mentone Grammar is renowned for its successful learning model of Together-Apart-Together, where girls and boys in the Middle Years (5-9) learn within a coeducational environment in gender specific classes. In Early Learning through to Year 4 and in Years 10-12, students learn in a fully co-educational environment.

We are ideally located by the beach and close to public transport. In addition to our Mentone Campus, our school also provides 17 hectares of lush playing fields at Keysborough and a beachside camp at Shoreham on the Mornington Peninsula.

Our Creativity Centre is an outstanding facility which includes a 450-seat theatre, visual arts studios for painting, sculpture, drawing, digital photography, printmaking and visual communication design and specialist labs for robotics, animation, 3D printing, materials and food technology. In addition, there is a recording studio which is part of an extensive new music school and drama studio.

School tours are held every term, or private tours are offered by appointment with the Registrar.

ARTS

Our school also has a deserving reputation as a leader in the visual and performing arts with an events calendar filled with extraordinary productions and celebrations of artistic and performance excellence.

SPORT

Mentone Grammar has a proud sporting history and is a powerful contender in the AGSV program. Our Coaching Academy provides specialist coaching in a broad range of sports and makes the most of our excellent sports facilities.

SCIENCE

Our state-of-the-art Science and Environmental Studies Centre with specialist laboratories for chemistry, biology, physics and environmental science provides students with the resources they need to engage with our challenging curriculum.

GREENWAYS

Our unique Greenways Program for Year 9 includes running their own campus cafe, learning valuable skills in hospitality, financial literacy, marketing and business. As well as four-week Learning Journeys away from the classroom.
