There is a reason more parents choose to send their children to Haileybury than any other school in Australia. As one of the Asia-Pacific region's leading independent schools, we provide an environment in which every student matters every day.

With campuses in Keysborough, Brighton, Berwick, Melbourne, China and Darwin, Haileybury is acclaimed for outstanding academic results, small class sizes, extensive co-curricular choices and state-of-the-art facilities. The school achieves exceptional national testing and VCE results, placing it among Australia's leading schools. It has high expectations of students and provides the support they need to excel.

In 2020 Haileybury was named Non-Government Primary School of the Year and Deputy Principal (Junior School), Grenville Green was named Non-Government Primary School Principal of the Year at the Australian Education Awards.

Haileybury's Parallel Education Model means students learn together until the end of Year 4, then attend separate schools on the same campus from Years 5 to 12. This approach recognises the diverse educational needs of girls and boys.

SOCIAL JUSTICE

Haileybury's Program is built upon social justice and a sense of fairness. This creates student awareness of their community, as well as their own self-worth. Each campus supports numerous charities throughout the year.

WELLBEING

We provide a supportive environment, including a Pastoral Care Program tailored to each schooling stage. A Health and Wellbeing Program runs from Preparatory to Pre-Senior, while Senior School has a Personal Excellence Program.

SPORT

Haileybury Sport aims to promote participation in healthy activities and provide appropriate opportunities for all students of differing interests and abilities. Across the year, girls and boys can choose from more than 30 sports.

THE ARTS

The Arts are an integral part of the curriculum. All students enjoy aspects of visual art, music, drama and dance, which encourages them to expand their minds and appreciate culture and creativity through a wide array of subjects.
